Problem Set 7 - Git Questions

Markus Roth

08 June 2020

1.

- Phillip is responsible for:
    - pem_cr
- Julia is responsible :
    - summary.pem_cr
    - print.pem_cr

2. I'd say Phillip contributed more to the code. He added and deleted a lot of code, whereat Julia "only" contributed one huge chunk of code.

3. Phillip pushed far more often than Julia. He pushed 6 times, she pushed only once.

4. Yes they do have different styles. Phillip tends to pushing more frequently. Julia only pushes when she's sure the code is correct.
